Standardised Trust WG meeting, 2023-04-18, at 14:00-14:45 CET

Present: Harri Rantanen, Gunnar Collin, Saila Alapiha, Sari Jylhä, Seija Haavisto-Virtanen, Riitta Lindroos

The agenda
1. Some common matters
    a. Member status
        i. no changes
    b. CGI-MP collaboration
        i. CGI-MP Plenary meeting presentation held on the 4th of April with no big immediate reactions, yet one US vendor discussion (Trade Technologies, tool called TradeBridge) had by Harri
    c. Tomorrow Swift will arrange a "Trade Guarantee API Awareness Session" with project update and Pilot presentation
        i. how this fit with the ISO 20022 Trade SEG reactivation discussion will be seen
    d. Possible attention at the national SWIFT member groups
        i. Discussion had on the 28th of March by Saila and Harri hearing Timo Karppinen
        ii. Timo promised to come back with some news after discussing this idea and activity with Swift
    e. Market news
        i. Harri and Saila are preparing some material via ICC Finland to activate Finnish legal change process to adapt MLETR. This is in very early stage still, yet very high interest by various interest group persons.
2. Guarantees
    a. G8 – Kirsi sent a message that the next meeting with the Finnish Customs in 4.5.2023. No updates from the from UK customs case respectively.
    b. G14.1 – Riitta and Laura has been running some use case testing with basic guarantees and their other life-cycle stages, like amendment and claim. We also discussed a lot of reducing the amount of free text with our model and Riitta mentioned especially India being very verbal in this respect. Riitta will send us an anonymised sample text to review and test how our model could squeeze the unnecessary free text away.
    c. G15 – no news
    d. G16 – Riitta mentioned that the reductions case would be one sub item for the amendment life cycle event of a guarantee
3. Documentary Credits
    a. DC2.1 & DC2.2 – Harri has made the clean-up and sent the version of the semantic model for the task force looking into the use case testing of it. Sari reported that there has not been any activity on this matter but she will contact Vlada and Saila to continue the task with the clean semantic model template version.
4. Next meeting on the 22nd of May, 2023 at 14:00 CET
