

## **Gtee and DC semantic model mapping session by the Standardised Trust WG, 2021-09-08, 13:30-15:40 CET**

Thanks for the ones attending!

We had following action points to cover:

1. Some member news:
  - Sirpa informed earlier via email not anymore being available for the Standardised Trust work
  - Riitta also will be busy with other tasks yet holding herself at our roster list
  - Laura has a new last name (Salli), which made the rest of us to congratulate her
2. The [task list](#) was updated according to meeting discussions and decisions
3. Harri presented quickly the changes made to base model after the previous meeting in July (G2.3)
  - Latest version is available [here](#) yet it will need some work by Harri to get it applied with all latest changes
  - Saila promised to help Harri with possible code list on the new data field for gtee linked collateral / facility
4. The counter-gtee case team has not been able to meet (G5)
  - Olli is busy with SR 2021 work and not able to continue before the release is updated
  - we decided to postpone the case until that
5. Governmental gtees (G8) case
  - Riitta will also be out of our team work until undefined future time
  - Gunnar will continue the work as a team lead and Laura promised to share a UK customs gtee case with Gunnar
6. Anna has not been able to start working with the [German Trade Finance Working Group gtee use case samples document](#) (G14.1) to map the cases to our model
  - Anna to come back with possible progress
7. Documentary credit base model work and evaluation was started in a common walk-through which will be continued on the next meeting (DC2.1). This was done based on the initial work done by Saila, Harri and Arul. The base template is available [here](#) for review and further comments.
8. See you on the 28<sup>th</sup> of September
