

Standardised Trust WG meeting, 2022-04-19, at 13:30-15:30 CET

Thanks for the ones attending!

The Agenda

1. Possible physical meeting in June
 - a. Now booked to the 28th of June, 2022
 - b. Possible ITFA meeting setup in Helsinki in September
 - c. Should this be in some other place?
 - d. Conclusion: Harri to create a poll / query to all active members on possible options for the physical meeting and report the results on the next meeting
2. Guarantees
 - a. G8 – Governmental gtee case
 - i. HMRC is progressing very slowly and also referring to overall legal framework MLETR adaptation, yet they are interested to see and explore any JSON descriptions. Laura has indicated Nokia to be still interested to act as a pilot.
 - b. G14.1 – German SWIFT team sample case transformation to our use cases
 - i. No news as Anna was not attending
 - c. G15 – use case testing
 - i. No activities done so far
 - d. G16 – reductions use case
 - i. A lot of discussions of application cancellation / rejection and also possible rejections / cancellations after the gtee issuance
 1. Most probably some new life-cycle codes and descriptions needed
 - e. All discussed items would come out more detailed when we will do some use case mapping either one
3. Documentary Credits
 - a. DC2.1 – base template work
 - i. We discussed the code lists on DC life-cycles, party roles, document types and other pointers
 - ii. Harri will continue the basic code list additions for the next meeting
4. Next meeting will be on the 10th of May, 2022
